

Key dates

Deadline of submission of abstracts	15 th November 2019
Notification of acceptance of abstracts and papers	Dec. 1, 2019
Registration and hotel reservation opens	December, 2 2019
Deadline registration at reduced fee	2 nd March 2020
Deadline registration for being included in the program	27 th April 2020
Draft program	4 th May, 2020
Program for the Congress book	26 th May 2020
Final Program in electronic version	26 th May 2020
Conferences & meetings	June 2-5, 2020

Participation fees

Regular Delegate - RSAI members High Income Country	340 €
Students Delegate - RSAI members High Income Country	250 €
Regular Delegate - non RSAI members from High Income Country	420 €
Students Delegate - non RSAI members from High Income Country	310 €
Regular Delegate - RSAI members Upper Middle Income Country	200 €
Students Delegate - RSAI members Upper Middle Income Country	140 €
Regular Delegate - non RSAI members from Upper Middle Income Country	260 €
Students Delegate - non RSAI members from Upper Middle Income Country	160 €
Regular Delegate from Lower Middle Income and Low Income Country - RSAI members	120 €
Students Delegate- RSAI members Lower Middle Income and Low Income Country	70 €
Regular Delegate from Lower Middle Income and Low Income Country- non RSAI members	150 €
Students Delegate - non-RSAI members Lower Middle Income and Low Income Country	90 €
Gala dinner (optional)	55 €

About us

RSAI

Founded in 1954, the Regional Science Association International (RSAI) is an international community of scholars interested in the regional impacts of national or global processes of economic and social change. The work of RSAI draws on the expertise of many different disciplines and this multi-disciplinary approach helps to facilitate new theoretical insights for tackling regional problems. In turn this provides an increasing opportunity for academics within the Association to engage more fully with planners and policy makers. Building on a strong foundation of quantitative methods, regional science is at the cutting edge of research into new model design for regional analysis and impact assessment.

AMSR

The Moroccan Regional Science Association (*Association Marocaine des Sciences Régionales - AMSR*) is the first regional science section of the RSAI on African soil. Its aim is to contribute to the progress of Regional Science through the development of transversal, interdisciplinary and cross-sectorial research; promote Regional Science among higher education organizations, institutions and institutes; serve as a place of knowledge exchange and sharing for the scientific community.

Organized by

13th World Congress of the
 RSAI
**Smart Regions -
 Opportunities for
 sustainable development
 in the digital era**
 June 2-5, 2020
 Mogador Palace Agdal
 Marrakech, Morocco

The 13th World Conference of the Regional Science Association International will be held from 2 to 5 June, 2020, at the Mogador Palace Agdal hotel in Marrakech, Morocco. It will be organized by the Moroccan Section of the Regional Science Association International.

The meeting is open to the world-wide regional science community and aims to bring together the key elements of multidisciplinary regional science research and to provide a scientific platform for presenting and discussing research at the frontiers of spatial sciences.

Topics such as urban-rural development, migration, spatial and resources (al)location, border effects, urbanization, sustainable cities, mobility, land use, environmental quality, disaster management, energy transition, culture, poverty, segregation, spatial modelling are important issues covered in the 2020 RSAI World Congress.

The congress will host countless exciting events, including special sessions and semi-plenary policy sessions.

We are also excited to announce five confirmed plenary speakers:

Prof. Eric S. Maskin
Nobel Laureate 2007
Harvard University,
United States

Venue: *Mogador Palace Agdal, Marrakech*

Mr . M. Tawfik Mouline

General Director

Royal Institute for
Strategic Studies, Morocco

Prof. Alessandra Faggian
Gran Sasso Science
Institute, Italy

Prof. Ziqi Zheng
Massachusetts Institute
of Technology, United
States

Prof. Edward L. Glaeser
Harvard University,
United States
